The University of Arizona
College of Applied Science and Technology
APCV 498. Senior Capstone

OBJECTIVES

1. Build a GitHub repository to save their own work

INSTRUCTIONS

This module every team needs to:

1. Create GitHub accounts for all team members.
2. Create your team repository using the next format: APCV498_FA21_Team#X
3. Adding the instructor to the team's repository (you can find me with my UA official address dianasaldana@arizona.edu or @drsaldana).
4. Create the read me file and add in different folders all the material that your team had, including code, documentation, designs, etc.
5. Remember that at the end of the semester you need to have all the documents and final code of your project.

SUBMISSION INSTRUCTIONS

Copy and paste in the Report 3 field on D2L the link of your GitHub repository.

GRADING CRITERIA

Total points: 70
